Sustainable Solutions for Blasting & Cleaning

**Dedicated Line for Professional Blasting Equipment**

FINA II Manual Abrasive Metering Valves by GritSablare

TECHNICAL DETAILS

Section 1. Features & Benefits:

- Reinforced PA66 Nylon / Fiber control knob which eliminates any premature cracking and are impact resistant

- Simplified body arrangement allowing the entire control knob and plunger assembly to be removed as a one piece item for ease of serviceability, no need to remove the valve control knob for servicing

- Case hardened abrasive metering plunger

- Polyurethane precision casted abrasive sleeve and P/U casted plunger sleeves, allows for precise fitting

- Externally clamped case hardened pipe nipple, this greatly reduces premature internal wear occurring at the point where the traditional mounting bolts are screwed in to the pipe nipple.

- Case hardened pipe connection nipple to 57HRC providing a durable service life

- Large 25mm (1") abrasive drain out pot & plug assembly

- Graduation markings on the valve stem allow for precise setting of the abrasive flow by the blasting operator

- Valves are finished externally in Black DuPont powder coating system

- Available with multiple sized pipe nipples.
