

BB120-PS-2 Bulk Blast Pot by GritSablare – Four Operator with Pneumatic Remote Controls

TECHNICAL DETAILS

Section 1. Technical Details

- BB120-PS-2 - 4 Outlet / 4 Operator Automatic platform skid mounted pneumatic Bulk Blasting System.
- Dimension of BB120-PS-2 Bulk Blasting System: BB120-PS-2 – Height 3.6m x Diameter 1.8m
- Weight of BB120-PS-2 Bulk Blasting System:
 - Main Blast Pot Pressure Vessel – 1600kg
 - Lower Transportation Skid with Forklift Pockets & Crane Lugs – 600kg
 - Total Weight – 2200kg
- BB120-PS-2 Abrasive Capacity: 3360 Liters – 120 ft³
- BB120-PS-2 Ladder Assembly: The BB120-PS-2 is supplied as standard with a side ladder to provide access to the posi-pop up valve assembly for inspection and maintenance.
- Shipping Mode: 1 unit of BB120-PS-2 Bulk Blast Pot with Transportation Skid requires one 20ft Shipping Container
- Pressure Vessel Conformance: Pressure Equipment Directive PED 2014/68/EU
- Technical Certificates: Product Certificate, testing reports, Operational manuals, Pressure Equipment Directive PED 2014/68/EU certificates will be provided with the BB120-PS-2 Bulk Blasting Systems.

Section 2. Specifications

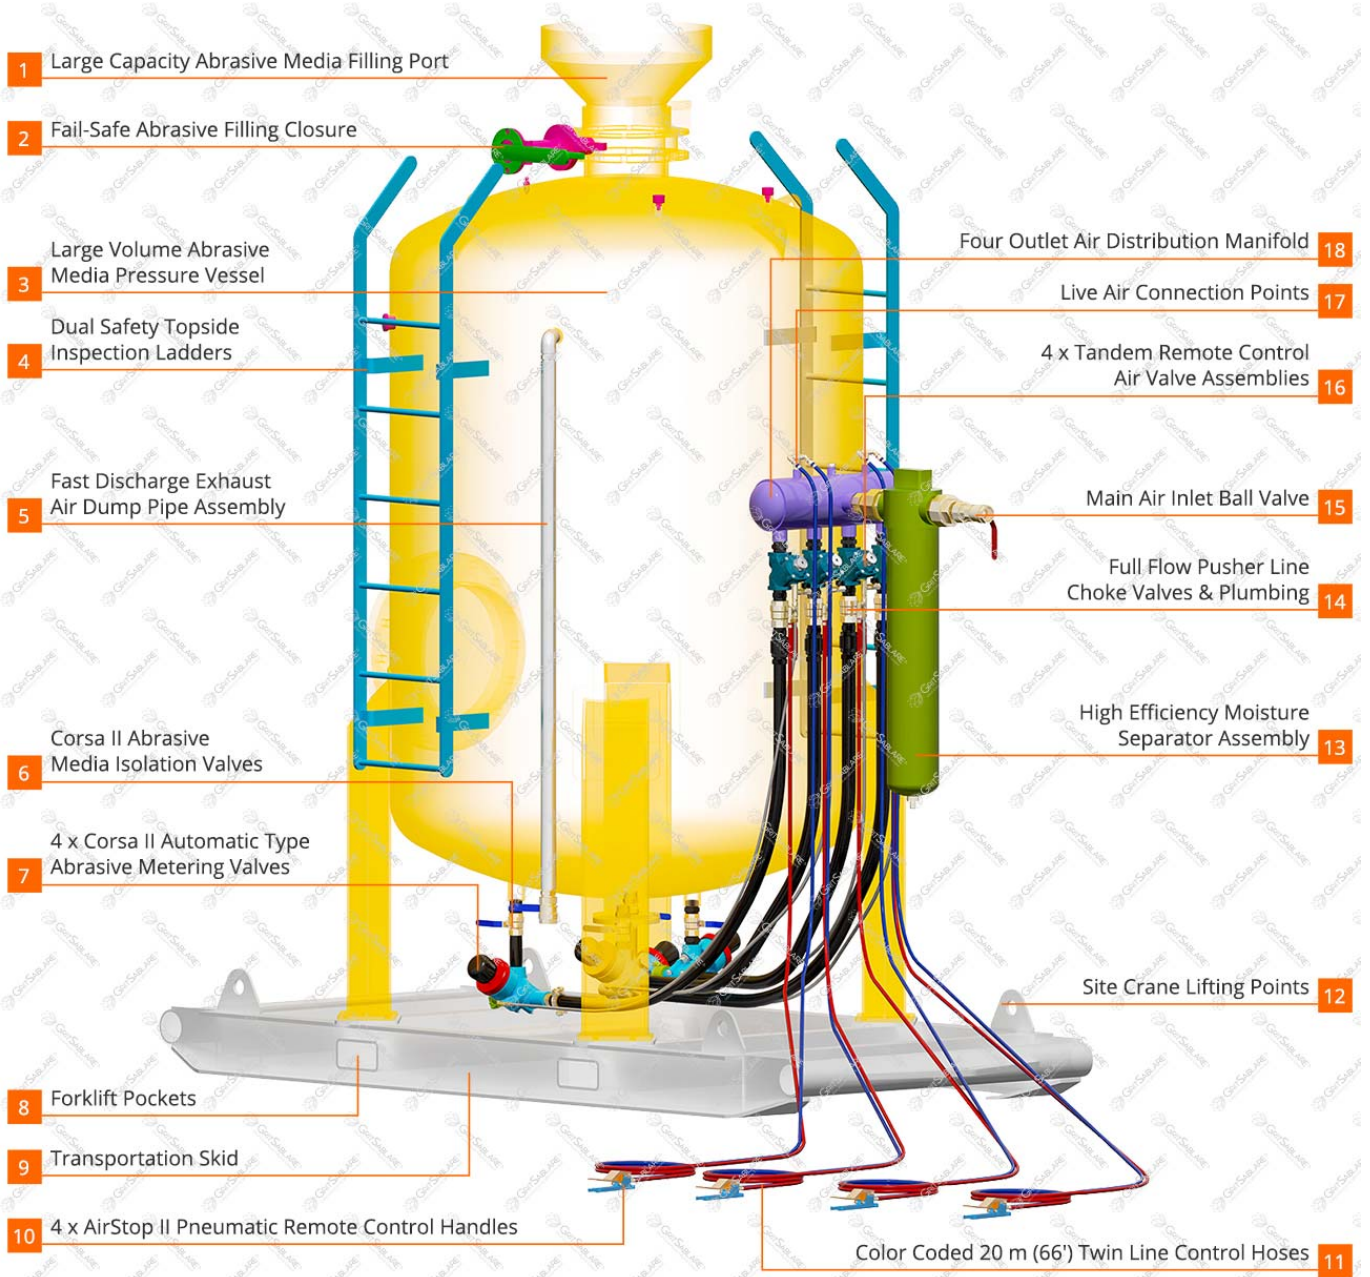

1. Model: BB120-PS-2 Automatic Bulk Blasting Pot System
2. Part Number: BEP-PE-PB-0002
3. Configuration: Pneumatic – 4 Outlet – 4 Blast Operators – Fully Automatic
4. Abrasive Capacity: 3360 Liters (120 ft³)
5. Maximum Supply Air Pressure – 860kpa – 8,6 bar
6. Pressure Vessel Conformance: PED 2014/68/EU
7. Remote Control System: 4 x Tandem Remote Control Inlet Valves – OSHA Compliant
8. Control Line: 4 x 20 meter Twin Line Control Hose with Quick Connectors
9. Remote Control Handle: 4 x AirStop II Pneumatic Remote Control Handles – OSHA Compliant
10. Abrasive Metering Valve: 4 x Automatic Corsa II Abrasive Metering Valves with Tungsten Carbide Sleeves
11. Exhaust Air Muffler: Supplied as Standard on all BB120-PS-2 Bulk Blast Pots
12. Moisture control: High Flow Moisture Separator on all BB120-PS-2 Bulk Blast Pots
13. Pop Up Valve: 10" Posi Seal Type with Pneumatic Actuator
14. Main Isolation Valve: Full Port Ball Valve
15. Pressure Gauge: Dual KPA / PSI Increments as Standard on all BB120-PS-2 Bulk Blast Pots
16. Pressure Safety Relief Valve: Supplied as Standard on all BB120-PS-2 Bulk Blast Pots
17. Skid Platform: Supplied with Crane Lifting Points and Site Forklift Slots
18. Coupling: 4 x Free Flow NTC-1 Nylon with in-built Safety Locking Pin

Section 3. Optional Spare Parts Package – 2 years

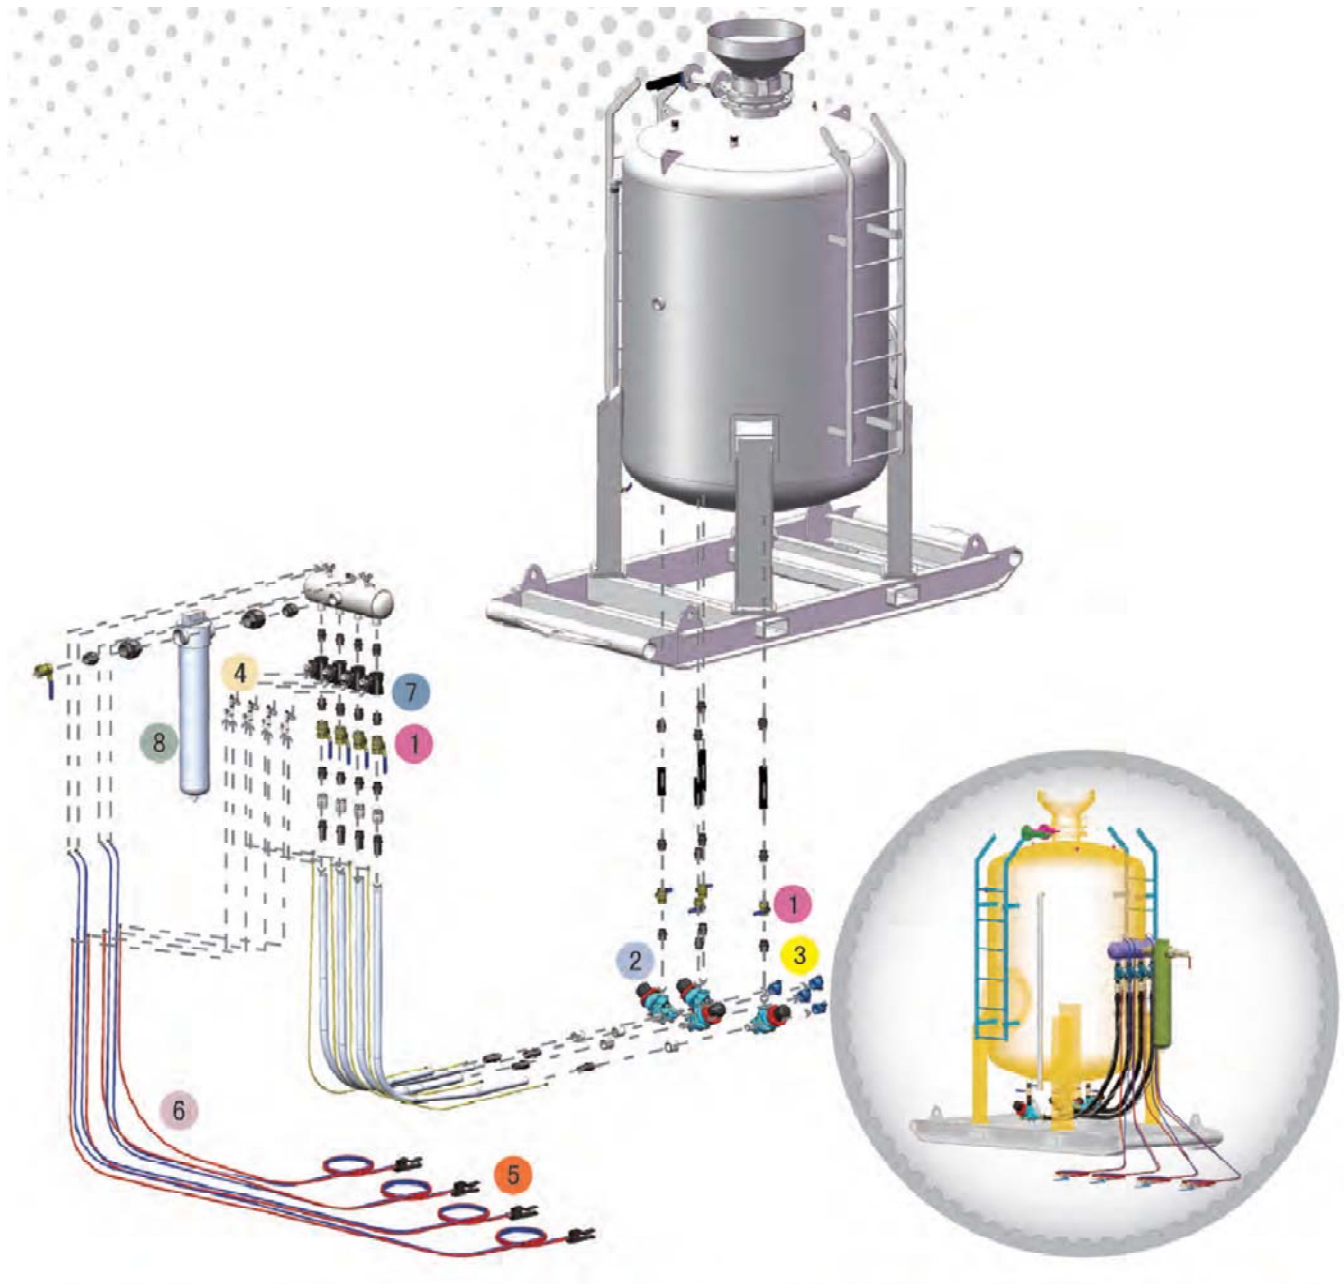

- We are pleased to include as follows our operational spare parts package based on 2 years usage per machine. These parts can be packages and shipped with the Bulk Blasting machine.

| Item | Part Number | Description | Quantity |
|------|----------------|--|----------|
| 1 | BAC-RC-PB-0164 | AirStop II Heavy Duty Remote Control Handle | 16 pcs |
| 2 | BAC-RC-PB-0012 | 20 meter Twin Line Control Hose with Couplings | 16 rolls |
| 3 | BAC-RC-PB-0279 | Tandem Remote Control Valve Repair Kit | 16 kits |
| 4 | BAC-VA-PB-0113 | Corsa II Abrasive Control Valve Repair Kit | 16 kits |
| 5 | BAC-VA-PB-0090 | Corsa II Abrasive Control Valve Hardened Pipe Nipple | 20 pcs |
| 6 | BAC-HC-PB-0009 | 1-1/4" Blast Hose Connection Coupling | 16 pcs |
| 7 | BAC-HC-PB-0019 | 1-1/4" Coupling Gaskets - 10pcs per/packet | 12 pkts |
| 8 | BEA-150 | Posi Type Air Driven Pop Up Valve Assembly | 2 units |
